## Sales & Marketing Support Specialist (m/f/d) South Korea

### Your tasks:

- create and implement local marketing concepts to increase the brand awareness
- analyse the dental market and competitor situation and define market potential
- attach particular importance to understanding the requirements of dentistry and the use of product technology to address the relevant challenges

### Your qualifications:

- vast experience in sales and marketing as well as establishing professional relations preferably in the area of dental or medical technology, in materials and hygiene consumables through dealers and/or direct sales in a B2B-market
- analytical skills and strong ability to identify new business opportunities
- excellent oral and written communication skills in Korean and English
- ability to build strong professional relationships through your communication and interpersonal skills
- goal oriented team player with a track record of success and ability to work independently
- willingness to travel, including international travel

After intensive in-house training at our German headquarters near Stuttgart you can expect a varied and versatile job in a successful company.
